Happy Retirement Angie!
On September 18th we celebrated Angie Wentz's 22 Years of Dedication, Leadership & Excellence with ASA WPA at The Foundry on the North Shore in Pittsburgh. It was a wonderful evening full of speeches, memories, tears and laughter. Thank you to all who attended and made the night so memorable for Angie!

2024 Scholarship Winners
Our recognition dinner was held this year at the LeMont on October 17th. Two of the five recipients, Christian Packard and Carl Zazac (L to R center picture), both attending Rosedale Tech, were in attendance. They each spoke to the members about how they chose their school and career paths and were able to leave the evening with some great connections in the industry already. We wish all five of our winners the best of luck in their journeys!
